

Prophetic Word -- 7-14-15 --- Acceleration, says the Lord!

This is a word I had last night, and had to pray overnight about before releasing it....

Precious Brothers and Sisters,

For the past few days, the Lord has been trying to get my attention on something, I thought He was speaking this to me, but it is for MANY in the body right now.. We have been in a supernatural place of seeing God answer prayers and bring ministry to the forefront of our lives. We have labored for many years while supporting the ministry out of our jobs, and now we are really seeing a supernatural acceleration of ministry by the hand of God. We grew SO tired over the past several months, and now we see God opening doors that we could never think to open in our power. He is an amazing and faithful God! When I heard this word a few days ago, I thought this was specifically for us in our ministry, but the Lord corrected me this evening and told me that this word is for many. He basically showed me that like Elijah sat under the tree thinking he was the only one, God said there were 7000 more who had not bowed the knee to baal, and that this word was for MANY who have tirelessly labored for the Lord. He said, "Don't take this word for you alone and rob all whom I am about to do this same thing in"

The Word....

For years you have carried the ministry I have called you to out of your own pockets while working multiple jobs in order to support the ministry I have called you to. You have questioned many times saying "Lord, something is wrong with this, but I know you called me to this" I say to you this day, nothing was wrong with the picture! I allowed it to try your hearts, I allowed it to build my character in you, and I allowed it so I could reward you in this day and hour says the Lord! You have carried what you knew I promised to carry, all the while experiencing hard times in many seasons, but I did always carry you. I allowed you to go right to the edge, and then I rescued you time and time again. This process built you up in ways that you will soon appreciate. I PROVED you through this process. Now I say to you that this is the season for the flipping of this cycle. You will no longer carry the ministry because this is my season to reward your diligence and your labor of love. You have said to me, "I am tired Lord, but I know you called me to this" I say to you, no longer will you be bi-vocational, but you will work only for me in this season that I open to you says the Lord!" No more double dipping, but double anointing says the Lord. Do not think my eyes were closed to you, do not think I did not see your sacrifice and faithfulness. As the dawn breaks, ministries that have seemed stalled for years will flourish, purpose is exploding in all who have poured out day and night with no hope of increase in sight. I will retroactively pay you for your labors says the Lord! This is your season to bear much fruit. I say to you no longer will I allow the ox that treads out the corn to stay muzzled!" The baby is in the birth canal, and all you can do is instinctively push. Do not hold back, what is being birthed in many will bring much joy and fulfillment.

I praise the Lord for this season. Many of you have labored for a long long time with little to no visible ministry growth in sight. You have been faithful to do what God has called you to, you have not prostituted the people of God for the purpose of gain. It is time for the glorious church to shine!

I love and appreciate you all so much! I am SO thankful that you have not grown weary in well doing!

~joe
